Dear Ms. Moss:

I am pleased to advise you that The Canadian Foundation for Animal-Assisted Support Services will be the recipient of a contribution from the Department of Justice Canada's Victims Fund for the project entitled "The Victors Project." The contribution in the maximum amount of \$112,000 will be provided over two fiscal years (\$24,380 in fiscal year 2015-2016 and \$87,620 in fiscal year 2016-2017).

The Victims Fund is designed to advance departmental priorities in the area of victims of crime, identify emerging areas of concern and practice, and advance shared objectives with respect to victim issues with other levels of government and stakeholders, all with a view to giving victims a more effective voice in the criminal justice and federal corrections systems.

Departmental officials from the Programs Branch will send to your attention a formal letter of offer related to this contribution.

I wish you every success with this project and look forward to learning the results of your work.

Respectfully,
